

How to Craft Your First Kahoot Quiz

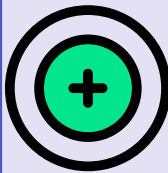

1

SIGN UP OR LOG IN

Visit Kahoot's website and sign up for an account or log in if you already have one.

2

CREATE A NEW KAHOOT

Click on the 'Create' button and select 'New Kahoot'.

3

DESIGN YOUR QUESTIONS

Type in your questions and provide multiple-choice answers. Kahoot's platform saves your changes automatically.

4

CUSTOMIZE SETTINGS

Adjust the timer and point system for each question to tailor the difficulty level.

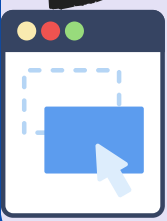

5

ADD VISUALS

Incorporate images or videos to make each question more engaging.

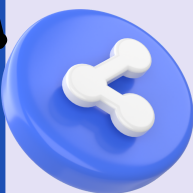

6

ORGANIZE YOUR QUIZ

Drag and drop questions to reorder them as needed.

7

FINALIZE AND SHARE

Give your Kahoot quiz a title, set visibility options, and share it with your audience.
